

VALLEY CHRISTIAN HIGH SCHOOL

ADVISORY & JOURNEY HOUR

High School Advisory

At Valley Christian, every student is known and loved. Our Advisory groups highlight the benefits of a small school setting. Small groups of students meet for 30 minutes once a week. Students find social, emotional, spiritual, and academic support from peers and an individual teacher. Advisory activities include discussions of current or school issues, games, snacks, and sometimes simply time spent together.

Journey Hour

This weekly dedicated time is for students to connect with each other and their teachers, explore their individual passions, and build up our community in unique ways. Approximately twice each month, students can choose a class that interests them. The other weeks are set aside for assemblies, class meetings, teacher office hours, and service projects.
